## SPAIN ADMITS A WAR

Cuban Insurrection Assuming Gigantic Proportions.

### GEN. CAMPOS GETTING SCARED.

He Asks For Six More Regiments, but the Government Sends Ten and Are Holding Ten More in Readiness—A Large Expedition Will Soon Leave the United States to Aid the Insurgents.

MADRID, June 7.—Captain General Martinez de Campos has sent a cable message to the Spanish government announcing that several insurgent leaders are expected to effect a landing in Cuba shortly, and he adds that owing to fresh disturbances on the island, possibly the recent invasion of the province of Santa Clara by the Cuban insurgents, he asks for a reinforcement of six battalions of infantry.

The government seems to take a less sanguine view of the situation of affairs than does the captain general of that island, for the cabinet after thoroughly discussing the situation from all its standpoints, has decided to send 10 additional battalions of infantry to Cuba without delay.

It is expected that in addition to the 10 battalions of infantry another general will be sent to assist Captain General Martinez de Campos suppressing the insurrection in the island of Cuba.

The loan for the Cuban expedition will be 15,000,000 of pesetas.

General Azcarra, minister of war, announced at a session of the cabinet council that in addition to the 10 battalions of infantry dispatched to Cuba, 10 other battalions are held in readiness for an emergency.

### GREATEST MOVEMENT YET.

A Large Expedition Will Soon Leave the United States to Aid the Insurgents.

JACKSONVILLE, Fla., June 7.—A special to the Florida Citizen from Fernandina says: The masterstroke of the Cuban revolutionary movement in this country will occur within three days. The principal leaders of the party in the United States gathered at Jacksonville three days ago, but Wednesday afternoon quietly slipped over here, took carriages and went to Ocean Beach, where they stopped at the Strathmore hotel.

From an adjoining room the Citizen correspondent overheard the whole of the deliberations, which began at 8 p. m., and lasted until a late hour. The six men who composed this revolutionary board were Charles M. Deespedas, Gonzala De Quesada, Colonel Enrique Collazo, Lieutenant Tomas Collazo, and two prominent citizens of Fernandina, who have appeared conspicuously before the public on former occasions, in connection with the Cuban cause.

The party gathered around a large table, on which were spread numerous charts of Cuba, the adjacent territory and the United States coast line from Charleston to a point far down the peninsula of Florida. As appeared from the conversation, most of the expeditions hitherto has gone from Santo Domingo, but the board decided that the next big effort must be made from the United States coast, south of Charleston, not only because of the necessary character and strength of the expedition, but because of the innumerable bays, sounds and rivers in which a fleet could, with care, hide or repel a much stronger force.

A fleet of light draught could go unnoticed through Bahama channels and then at night make short runs for the northern coast of Cuba, where there are many bays easy of access for an expedition, and poorly guarded. Such an expedition was recently conducted by the yacht Corona, which sailed from Satilla river, Georgia, a few weeks ago, and made a landing in the bay near Gibara. All this was preliminary. Then came plans, and so far as completed at that sitting, they were as follows: "That, whereas, as all plans for the carrying forward the insurrection in Cuba had hitherto worked most satisfactorily. The eastern half of the island had risen; the western half was ripe for rebellion, and the Spanish opposition was growing weaker, owing to the terrific yellow fever and diseases from bad food supplied to the Spanish army. Therefore, now had come the time for a tremendous effort, which should carry a great expedition from the United States to Cuba."

The consulting board decided the expedition should be made ready at once; that it should sail from some point between Brunswick, Ga., and Mayport, Fla.; that it should be commanded by Colonel Enrique Collazo, the war-scarred veteran of 1863 and 1878, and that the fleet should be guarded by three newly built torpedo boats of the latest pattern, and of great speed and manned by experienced seamen. Lieutenant Tomas Collazo is to be the staff officer and Colonel Collazo's small army is to be recruited from the Cubans in the United States and picked Americans from the southern states last mentioned. Men already collected by Henry Brooks, who is now in New York city and who is to accompany the expedition as a member of Collazo's staff, are also to be enrolled. Collazo is to land the expedition at some point in the province of Puerto Principe, where forces collected by Gomez and Marti will co-operate. The expedition is to land in Cuba within 30 days.

In addition to this plan of operations, the following general information was gleaned during the deliberations: That the province of Pinar del Rio has risen and that the insurgents have made more progress in the present rising of

three months' duration than was made in seven years commencing 1893. That it is believed that within a month the whole island will be in arms for the Cubans and that Captain General Campos, commanding the Spanish forces, is exerting every effort to be recalled to Madrid before the arrival of the disaster which he believes sure to overwhelm Spanish arms in Cuba very soon. Moreover, that Jose Marti will be in Florida within the next 10 days.

### WATCHED BY SPANISH OFFICIALS.

The United States May Be Asked to Stop the Expeditions.

WASHINGTON, June 7.—It is learned that the Spanish officials here are keeping a close watch on several supposed Cuban expeditionary movements for the purpose of furnishing information on which to request action by the United States government. One of the expeditions is believed to have started from Philadelphia. The suspected ships, it is said at the Spanish legation, are the George Childs and the Bridgeport. It is alleged that these ships touched at Greenwich after clearing from Philadelphia with the ostensible purpose of making repairs, but really, it is charged, to take on arms, gunpowder and large supplies of food suitable for an expeditionary movement.

The Spanish officials connect the movement of these ships with suspicious operations at Dauphin and Cat Islands, off the mouth of the Mississippi. There are indications, they say, that the movements at gulf points and those starting from Philadelphia will be concentrated off the coast of southern Florida. It is said that these movements are mainly the result of the recent arrival in the United States of General Quesada from Venezuela, who brought a considerable sum of money to aid the Cuban cause, and another sympathizer, who is said to have brought \$50,000 from Paris.

### Latest Steamer From Havana.

TAMPA, Fla., June 7.—Major Jose Rodriguez de Puerto Principe arrived from Cuba last night. He was arrested with the Marquis of Santa Lucia, some time ago, in Camagney, Bamon Olivia Llanes, who was arrested with Senor Aseny, from aboard the steamer Mascotte, upon her arrival in Havana last week, attempted to commit suicide in prison Wednesday morning, cutting his left breast with a piece of glass. Physicians report his condition serious. Two Spanish government spies were said to be among the passengers last night. Spanish newspapers report bands of insurgents in Santa Clara province numbering 600.

### NEW FIELD FOR CAPITAL.

Not an American Bank in Either China or Japan.

WASHINGTON, June 7.—Consul General Jernigan, at Shanghai, has sent to the state department his observations upon the commerce between Japan and China and Corea, which he says will present new phases as a result of the termination of hostilities.

Mr. Jernigan gives the views of Mr. Oteri, ex-Japanese minister to China and Corea, and now a member of the privy council of Japan. The competition among Japanese merchants for Korean trade is characterized by Mr. Oteri as vicious, who says their attempt to undersell each other has demoralized trade.

Mr. Jernigan calls attention to the fact that there is not in China or Japan a banking institution conducted by American capital and Americans. "The establishment of a bank in China or Japan by American capitalists would," he says, "at least give color of permanency of American enterprise in Asia."

"Great Britain, France and Germany have banks in China and Japan, and the merchants of these countries are supporting by the banking institutions of their own countries, and they have been dividing the profits of Asiatic commerce. American merchants in Asia have no such encouragement, and are compelled to transact their business through foreign banks."

### DEBS AWAITING RECOMMITMENT.

He Expects to Do His Editorial Work While Serving His Sentence.

TERRE HAUTE, Ind., June 7.—Engene V. Debs is quietly waiting to be recommitted to jail. As yet the supreme court of the United States has not issued the mandate. He expects to receive a telegram calling him to Chicago in the near future. Debs is working at American Railway union business as much as possible getting all the general work cleared up. His editorial work on The Railway Times he will continue while in jail.

Mr. Debs says: "I don't mind serving out the sentence so much as the delay on my work for the American Railway union. I will take my desk and all things necessary to my office work with me. I have a large trunk packed with these already. It will be necessary for me to have a stenographer with me also to handle my correspondence. As far as I can figure it, I can reduce my sentence to about five, and one-half months, which will let me out about November, so it is not such an awful thing after all. The only objection I have to it is the inconvenience and the injustice of the sentence."

### War on Texas Rates.

HOUSTON, June 7.—There seems no possibility of avoiding the rate which has been impending for a month past. The "Katy" is now accused of giving secret rates as low as 16 cents from St. Louis on carloads. The withdrawal of the Santa Fe from the Southwestern association shows the drift of events, and within two weeks a rate war will be waged vigorously on Texas rates.

## COLIMA SURVIVORS.

Seventeen of Them Reach San Francisco.

### FOUR OTHERS AT MAZATLAN.

These Were All That Were Saved From the Two Hundred People on Board the Ill-Fated Vessel—Details of the Disaster as Related by the Survivors—Telegraph Reports Confirmed.

SAN FRANCISCO, June 7.—Seventeen of the survivors of the ill-fated steamer Colima arrived in port yesterday on the San Juan. When she docked hundreds of friends and relatives of those who went down on the Colima were assembled awaiting the landing of the passengers. Groups of women, with tearstained faces and knots of anxious men implored everyone on board for tidings of the lost, all hoping against hope that there might have been some mistake in the dispatches and some name omitted among the saved. How keen was their disappointment in the face of the inevitable assurance that there was no hope, was evinced in their bitter lamentations.

On the upper deck of the steamer were few happy people whose pleasure contrasted sharply with the grief of the bereaved. These were the friends of the survivors, who were embraced and congratulated at their miraculous rescue.

The Colima survivors who landed at this port yesterday are:

Passengers—A. J. Sutherland, C. H. Cushing, J. M. Thornton, P. H. Boyer, Gustav Bowman, Bruno Caid, Jose Antonio Siz, Jose E. Marriella, George D. Ross, Louis Sangene, A. J. Otel and Juan A. Ramos.

The crew were: O. A. Hansen, F. A. Willes, Albert Carpenter, Arthur Richardson and Tom Fish.

The following were landed at Mazatlan: Thomas Searaboa, Domingo Alibaz, Angel Gutierrez and Carlos Ruiz.

The 17 men saved from a watery grave when they had given up all hope of rescue were a sorry looking party when they arrived at the main docks. Some had their arms in slings; the heads of others were swathed in bandages. They flinched as they walked, and their bruises were plainly in evidence. All looked thin and showed only too plainly the effects of the terrible strain during the fearful hours when they awaited succor.

The stories of the survivors all confirmed the telegraphic accounts of the disaster. They agree that the cause of the foundering was the top-heavy condition of the Colima, due to her bulky deckload. From the beginning of the voyage south, they say, the steamer acted badly and would not answer her helm. The storm which sank her was encountered about 9 o'clock Monday night, May 27, and blew furiously during the next 14 hours. The vessel lost steerage way, swung shoreward in the teeth of a furious southeasterly gale, where she lay helplessly battered by the mighty tidal waves. The stagger lay helplessly on her side for about 15 minutes and then tipped over and sank. The women and children were drowned in their staterooms where they were confined during the gale. Those passengers who had been on deck were thrown into the sea. Many were killed and horribly mutilated by the lumber on the deck, blown by the wind and hurled on the heads of the struggling men in the water.

The raft upon which Cushing, Sutherland, Richardson and two others were afloat, drifted for about 24 hours. They gave up all hope until the San Juan hove in sight. They attracted her attention by hoisting a piece of red cloth and waving their clothes. On the raft with the passengers were two sailors. One seized a small casket of claret, of which both drank. They became drunk and quarrelsome. To save the lives of the rest on the raft the men say they were obliged to push one sailor, mad with drink, into the sea, where he drowned.

The passengers say there was no time to launch the boats or put on life preservers when they realized the serious plight of the Colima, and besides, the fury of the storm made it impossible to launch the boats successfully. Those who secured life preservers got them in the water, and those in the boat picked up by the San Juan clambered into her as she floated toward them struggling in the sea.

### TURKEY WILL NOT YIELD.

The Sultan Declares That No Reforms Are Necessary.

CONSTANTINOPLE, June 7.—The situation of affairs so far as the settlement of questions in dispute between the Turkish government and the representatives of the powers regarding reform in Armenia, is concerned, shows no improvement.

The sultan declares no changes are necessary except as modifying existing laws and as these alterations would be applicable to the whole population, he denies the right of the powers to interfere in the internal administration of the affairs of the empire while no indication has been given which appears to show that the condition of the Armenians is to be regarded in any way as exceptional. The actions of the powers is anxiously awaited.

### Samuel Gompers Improving.

LITTLE ROCK, June 7.—Samuel Gompers, the labor leader, who has been confined to his hotel in this city since Wednesday with gastritis, is slightly improved, and his physicians state that he is no longer in immediate danger.

## WHEN THE CIVIL WAR ENDED.

Assistant Secretary Reynolds Renders an Important Decision.

WASHINGTON, June 7.—Another decision has been rendered by Assistant Secretary Reynolds bearing on the question of the date of the termination of the civil war and the pensionable rights of soldiers enlisting in 1865 and 1866. The conclusion reached by Mr. Reynolds is that in all these cases the question to be ascertained is whether the enlistment of the soldier was for service in the war of the rebellion, or for the regular army. If the former, he is pensionable, and if the latter, he is not.

He says: "As to these volunteer enlistments in the regular army after the cessation of armed hostilities it can not be truthfully said that their enlistment was for the war of the rebellion."

In reference to the decision of the supreme court assigning Aug. 26, 1866, as the end of the war, he says: "The reasons, however, which would admit of this holding, where the right of the parties in the cases involved might be affected by the running of a statute of limitations, can not be accepted to establish the date of termination of the war of the rebellion where the questions involved are whether an enlistment was in fact, for the war of the rebellion and the service performed thereunder, in furtherance of its suppression."

The secretary therefore holds that enlistments in the loyal states after April 18, 1865, when recruiting in them ceased, will not be deemed enlistment in or for the war of the rebellion and any service rendered under such enlistments will be presumed not to have been rendered in the war of the rebellion.

In the other states, territories and the District of Columbia, June 1, 1865, will be taken as the final date, as enlistments then ceased in these parts of the country, and July 1, 1865, when the blockade of the southern ports was raised, will be taken as the final date of war enlistments for the navy.

### Extensive Cave-In.

SCRANTON, Pa., June 7.—An extensive mine cave-in in the old workings in the northern section of the city badly damaged several dwellings early yesterday morning and caused the occupants of many of the houses to flee in their night clothes. The squeeze came suddenly and without warning. It was caused by a "working" in the Providence Coal company's four-foot vein. The buildings affected are six double dwellings. Nobody was injured, although the movable contents of all the houses were badly damaged. The loss can not be estimated until the surface ceases to settle. Already the damage is from \$10,000 to \$15,000.

### Simpson's Latest.

TOPEKA, June 7.—Ex-Congressman Jerry Simpson, accompanied by his wife, will, according to a local newspaper story, leave his Medicine Lodge farm with a wagon and mule team for Topeka next Saturday. It is said that he intends to load his wagon with butter, eggs and provisions and pay his way with them by selling enough in the towns he passes through to furnish them money for expenses. His arrival here may be made the occasion of a demonstration by the local Populists. It is proposed that a procession be formed carrying banners with unpleasant references to the present state administration.

### Died on the Scaffold.

WAYNESBURG, Pa., June 7.—John Eisiminger was hanged here yesterday for the murder of Samuel McCoy. John Eisiminger was 32 years old and had a wife and a 2-year-old child. His victim, Samuel McCoy, was in partnership in the huckster business with Mrs. Thomas Welsh. The crime was a brutal one, the only motive being robbery. On Jan. 7, while riding in a wagon with McCoy, Eisiminger shot him and robbed him of \$101. After his capture he confessed.

### Presidential Appointments.

WASHINGTON, June 7.—The president has appointed William H. Pugh of Ohio to be auditor of the treasury for the navy department to succeed C. B. Morton of Maine, who was removed Wednesday, and Edward A. Bowers of the District of Columbia, now assistant commissioner of the general land office, to be assistant comptroller of the treasury to succeed Mansur of Missouri, deceased.

### More Land For Settlers.

DURANGO, Colo., June 7.—A majority of the Utes signed the ratification of the removal bill yesterday and will go to the new reservation. Those wishing to take land in severalty will select lands on the west end of the reservation. This throws open for settlement all of the present reservation in La Plata and Archuta counties.

### White Cap Threat.

WINSTON, N. C., June 7.—White Caps in Wilkes county have created a sensation by having notices posted in a section where much whisky blockading is carried on, announcing that any party (preachers included) who informs on the blockaders will be foully dealt with.

## FIGHTING ON FORMOSA

German Gunboats Fire Upon a Chinese Fort.

### SILENCED IN A SHORT TIME.

Tang, the Former President, Allowed to Leave the Island With Two Thousand Soldiers—In a Conflagration a Magazine Explodes, Killing Ninety Chinese—A Change in the Japanese Cabinet.

HONG-KONG, June 7.—Advices received here from Taiphul, Island of Formosa, describe affairs in that town as still in a chaotic condition. The native quarter of Taiphul has been burned. During the conflagration a magazine exploded and killed 90 Chinese.

The German gunboat Itlis fired on the Chinese forts at Hobe presumably because a merchant steamer with Tang, the former president of the so-called republic of Formosa on board, with a number of refugee Chinese soldiers, was not allowed to leave. The forts were silenced by the fire of the gunboat and the native gunners fled. Subsequently the merchant steamer proceeded, having on board the ex-president and 2,000 soldiers. Their destination is unknown. The British cruiser Rainbow has left for Tamsui.

So far foreigners are safe.

### Japanese Minister to Resign.

WASHINGTON, June 7.—The reported retirement of Mr. Matsui, minister of foreign affairs, from the Japanese cabinet, has not been communicated to the Japanese legation here. It is stated that if Mr. Matsui has retired it is doubtless due to ill health, as he has suffered from acute lung trouble, which was aggravated by the recent strain on his health in effecting a settlement with China.

### FURNACE MEN TO STRIKE.

Employees Throughout the Mahoning Valley Asking an Advance.

YOUNGSTOWN, O., June 7.—Indications are that before the end of the week a general strike will be inaugurated by all the furnace employees throughout the Mahoning valley for an advance in the present scale of wages. They claim that furnace employees in the Shenango valley have received two advances in their wages, while only one has been granted here and they desire to be placed on the same footing with the Shenango valley men.

At the furnaces of the Youngstown Steel company and the Mahoning Valley Iron company notice has been served by the men demanding an advance, and it is understood that if the increase is not conceded all the employees will join in a strike at the change of the turn on Saturday.

### Murder or Suicide.

TERRE HAUTE, Ind., June 7.—The lifeless body of Chauncey F. Pickrell, with a bullet wound in his head, was found in a field across the river from this city yesterday. A pistol lay at his side. He was married last Tuesday to Miss Lizzie Baird, of this city. There are some mysterious features about the case, and the police officials are puzzled whether death was the result of murder or suicide. Pickrell a few days after his marriage, had his life insured in the Mutual Life of New York for \$2,000.

### Harrison Visits Wanamaker.

PHILADELPHIA, June 7.—Ex-President Harrison arrived in Philadelphia at 2:27 yesterday afternoon and is the guest of ex-Postmaster General John Wanamaker. When asked if his visit had any political significance, the ex-president said: "I had promised Mr. Wanamaker to pay him a brief visit before my departure for Indianapolis, and I am simply keeping my promise."

### Fateful Day at Minster.

LIMA, O., June 7.—Four fatalities happened Thursday in the little town of Minster, southwest of this city, on the Lake Erie and Western road. Two little children on their way to a picnic were knocked down by a runaway team and horribly crushed, and but a short time afterward two brothers named Schultz were crushed beneath a falling scaffold.

### Threatened Battle Averted.

CHEYENNE, Wyo., June 7.—It is reported here that the sheep owners whose flocks have given so much uneasiness to the cattlemen in northwestern Colorado, have concluded not to tempt fate by driving south in Colorado to the Rio Grande railway. If this be true it is probable that the threatened battle will be averted.

 J. C. LOVELL, Sec. M. C. D. E. C.

COLONEL JOHN O. HODGES, of Lexington, is out in an interview in which he says he positively will not make the race for State Superintendent of Public Instruction if the Democrats adopt a sound money platform. Too bad! Too bad! But is Mr. Hodges the only Democrat after this office?

THE Danville Advocate calls upon Senator Blackburn to keep John C. Sibley, the Silver party's candidate for President, from coming into the State to make silver speeches. It also wants Warner kept out. "One thing is certain," says the Advocate, "if they do come the Democratic party in Kentucky will suffer." Perhaps, though it is just as likely that the importation of a man whose avowed purpose is to break up the Democratic party in order to forward his own ambitions would so disgust Kentucky Democrats that they would get together and administer a stinging rebuke to the men responsible for such a spectacle.

Let Mr. Sibley and Mr. Warner come if they wish to. No true Democrat will be misled by such talks as these two silverites make. Nor will they be misled by Senator Blackburn.

## BRADLEY AND WORTHINGTON.

They Are Chosen as Leaders of the Republican State Ticket—The Other Nominees.

The Republican State convention finished its work yesterday and adjourned. Boss Bradley was nominated by acclamation for Governor as everybody expected, and Col. W. J. Worthington, of Greenup, was selected as his running mate. Following is the ticket:

For Governor—William O'Connell Bradley, of Lancaster.  
 For Lieutenant Governor—W. J. Worthington, of Greenup.  
 For Auditor—Samuel H. Stone, of Richmond.  
 For Secretary of State—Charles Finley, of Wh. tiey.  
 For Treasurer—Geo. W. Long, of Grayson.  
 For Attorney General—W. S. Taylor, of Montgomery.  
 For Superintendent Public Instruction—W. J. Davidson, of Somerset.  
 Register Land Office—C. O. Reynolds of Fayette.  
 Commissioner of Agriculture—Lucas Moore, of Marion.

The platform declares against the free and unlimited coinage of silver, although Boss Bradley tried to use language that would not offend the free silver crowd.

The eagle was adopted as the party emblem, but at the last moment a change was made, and the log-cabin was selected as the party device.

The convention to nominate a candidate for Railroad Commissioner in this district broke up in a row the first day. The fight had narrowed down to Comins-gore of Covington and Wood of Mt. Sterling. Another effort was made yesterday to get together, but after wrangling all morning the crowd adjourned till July 16th, when they will meet at Richmond to settle the matter.

Mr. W. C. Sadler, of this city, got only 12 of Mason County's 20 votes on first ballot and his name was then withdrawn. Judge Hutchins wanted to be Chairman of the Railroad District convention but Judge Boreing of London was selected.

County Clerk Cochran represented the Ninth district in the Committee on Permanent Organization and Judge Pugh was the Ninth's member of the Committee on Resolutions.

# HAYSWOOD.

A Large Audience Enjoyed the Commencement Exercises Last Night.

Three Fair Graduates Receive Diplomas—Names of Pupils on the Roll of Honor.

A large and appreciative audience assembled in the opera house last night to enjoy the commencement exercises of Hayswood Seminary.

Without entering into particulars, it is not too much to say that the music rendered by the music class reflected the greatest possible credit, both on the pupils and their excellent teacher, Miss Jennie Moore. Although much of it was difficult to render it was executed with a precision and taste that indicated fine ability on the part of the pupils and thorough training on the part of the teacher.

The essays read by the senior class, both from an intellectual and moral point of view, reflected great credit upon their authors. The thoughtful analysis of "Memory" by Miss Jane Lee indicated a well-trained head and good heart. The "Boomerang" of Miss Flora Hunter was full of good sharp points which it would be well for older heads to hear and heed. "Dreams" are often called "idle," but Miss Fanny Gault in her excellent essay corrected the error and pointed out the debt the world owes to many a practical dreamer.

Our citizens have every reason to be proud of an institution that from year to year furnishes to our city and county young ladies of such intellectual and moral culture and worth.

At the conclusion of the exercises the Principal announced the roll of honor for the year which is as follows:

COLLEGIATE DEPARTMENT.  
 Jessie Allison, Bessie Allison,  
 Penelope Darnall, Frances Gault,  
 Flora Hunter, Mary Belle Hall,  
 Jane Lee, Mary Mitchell,  
 Alene Mitchell, Mary Noyes,  
 Lily Rae Pecor, Jessie Rains,  
 Fannie Peed, Wardie Smith,  
 Mary Andrews Strode, Lucy Terhune,  
 Mary Wood.

PRIMARY DEPARTMENT.  
 Bertie Ball, Hattie Cochran,  
 Aline Glascock, Lizzie Hall,  
 Kemp Mitchell, Sallie Pecor,  
 Marie Rains, Stanley Reed.

A certificate for completing the second year in the musical course was awarded to Miss Florence Barkley.

For completing the third year's course, a certificate was awarded to Miss Alberta Glascock, and for completing the entire course a certificate was awarded to Miss Anna Brittain.

In addition to these, two medals were offered by Miss Moore, one for the most rapid improvement among the primaries in her class and another to the one among her advanced pupils making the most rapid progress. These medals were awarded to Miss Mary Hall and Miss Anna Brittain.

THE services at the M. E. Church, South, continue to increase in power and interest. Many of those present yesterday morning pronounced the service to be the most powerful they ever attended. Many have been deeply convinced of duty and some are staying away from the services determined not to be brought under the influence of the meeting. It is evident that this largely accounts for the fact that no more professions of conversions have been made. Services each day at 9 a. m. and 7:30 p. m. Choir practice this afternoon at 3 o'clock.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

## A GREAT GAME.

### The Maysville Boys Added Another Victory to Their List Thursday—Fast Work.

The Browns of Hamilton, O., with Wellner and Taylor as the battery, were not in it with Maysville's hardhitters and fine fielders at the ball park yesterday afternoon.

The game was the greatest ever put up by the home team, and it was one of the fastest ever played. One hour and fifteen minutes was the time required for the home boys to score eight runs and send the visitors off the field with nine big goose eggs chalked up to their credit. It was lively from start to finish. The Browns went out in one-two-three, order in every inning, taking just twenty-seven turns at the bat.

Rieman was in the box for Maysville, and no pitcher was ever given better support on the local grounds. The visitors could find the ball but what promised to be hits time and again were killed by the fielders. Only one hit was all the Browns got. A fumble by Hays and a misjudged ball by Miller were the only errors by the home boys.

Wellner, who was a great favorite here last year, pitched for the Browns. He was as cool and speedy as ever, and struck out eight men. It takes a great pitcher however to fool the Maysville team and they touched Wellner up for nine hits.

Following is the score:

## FOG ASSOCIATING WITH NEGROES

An Ohio Minister Driven Out of Georgia by White Caps.

ATLANTA, June 7.—A special to The Journal from Tuskegee, Ala., says: About 20 of the best citizens of this town gave one, Rev. Mr. Kelley, a white man from Ohio, a "surprise party" at 7 o'clock yesterday evening by calling on him and informing him, through their spokesman, Dr. W. T. Gautier, that his presence here was obnoxious and disgusting to the white people of Mason county, and especially so to the citizens of Tuskegee, and that he must leave Tuskegee and Mason county on the first train or abide the consequences.

Kelley is a white man pretending to be a minister. He claims that he was "called" to preach to the negroes of the south. He has been holding a protracted meeting here in the negro church for the past 10 days eating, sleeping and mingling altogether with the negroes, making his headquarters with one Thomas Harris, where he was found by the committee that waited on him. He is teaching and practicing social equality, which will never be submitted to by the people of this section.
